2020 PENNANT COMPETITION

Following a meeting of the GCTDBA Board on Friday 26th June 2020, and after consultation with a number of Clubs within the district, the Board has decided to **CANCEL the Pennant season** for the 2020 year.

This decision was made after considering the uncertainties on restrictions that may or may not apply during the period of the Pennant season, and understanding the concerns that Clubs have with the varying rules and restrictions, along with the differences between the two states "QLD & NSW", which was needed to be taken into account for our border clubs of Tweed Heads and South Tweed.

The Board, through its Match Committee, will now consider conducting an Interclub Competition at a later date during the year, once Clubs have had the opportunity to reopen and settle into a comfortable routine for bowlers and members in general. This Competition will be available to any club that wishes to participate in playing, with no obligation to enter. Details of the format will be advised in due course.

The Board would like to thank Clubs for their feedback and support during this time and look forward to supporting all Clubs as they reopen their Clubs and greens.

Regards

Brian Marshall
